Independent Auditor's Report

To the Honorable J. Richard Gray, Mayor
and Members of the Fire Pension Fund
City of Lancaster, Pennsylvania

We have audited the accompanying financial statements of the Fire Pension Fund of the City of Lancaster as of and for the years ended December 31, 2016 and 2015, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Fire Pension Fund of the City of Lancaster as of December 31, 2016 and 2015, and the changes in the financial position thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the historical pension plan information on pages 13 through 15 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Fire Pension Fund and do not purport to, and do not, present fairly the financial position of the City of Lancaster, as of December 31, 2016 and 2015, the changes in its financial position, or, where applicable, its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

CITY OF LANCASTER FIRE PENSION FUND

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2016 AND 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

The Fire Pension Fund (Fund) is a single-employer public employee retirement system established and administered by the City of Lancaster, Pennsylvania (City), to provide pension benefits for employees of its Bureau of Fire. The Fund is considered part of the City's financial reporting entity and is included in the City's financial reports as a pension trust fund. The accompanying financial statements do not include any other funds of the City and, therefore, do not present fairly the financial position and the changes in financial position of the City in conformity with accounting principles generally accepted in the United States of America.

Basis of Accounting

These financial statements are prepared using the accrual basis of accounting. Fire Pension Plan (Plan) member contributions are recognized as revenues in the period in which the contributions are due. Employer contributions are recognized when due and the employer has a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

Investments

Investments are carried at fair value. The City categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value of investments includes both realized and unrealized gains and losses.

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and

CITY OF LANCASTER FIRE PENSION FUND

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2016 AND 2015

assumptions regarding certain amounts and disclosures. Accordingly, actual results may differ from estimated amounts.

Reclassification

Certain reclassifications have been made to the prior year financial statements in order for them to be in conformity with the current year presentation.

Adoption of Governmental Accounting Standards Board (GASB) Statements

The Plan has adopted GASB Statement No. 72 *“Fair Value Measurement and Application.”* This Statement addresses accounting and financial reporting issues related to fair value measurements. As a result of implementation of this Statement, the investment disclosures at Note 3 have been enhanced.

Pending Changes in Accounting Principles

In March of 2016, the GASB issued Statement No. 82, *“Pension Issues – An Amendment of GASB Statements No. 67, No. 68, and No. 73.”* This Statement addresses certain issues that have been raised with respect to previous pension standards. The provisions of GASB Statement No. 82 are effective for the Fund’s December 31, 2017 financial statements.

In March of 2017, the GASB issued Statement No. 85, *“Omnibus 2017.”* This Statement addresses practice issues identified during implementation and application of certain GASB Statements related to a variety of topics, including blending component units, goodwill, fair value measurement and application, and post-employment benefits. The provisions of GASB Statement No. 85 are effective for the Fund’s December 31, 2018 financial statements.

The effect of implementation of these Statements have not yet been determined.

CITY OF LANCASTER FIRE PENSION FUND

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2016 AND 2015

2. PLAN DESCRIPTION AND CONTRIBUTION INFORMATION

Plan Participants

Membership of the Plan consisted of the following at December 31, 2016 and 2015:

	<u>2016</u>	<u>2015</u>
Inactive plan members or beneficiaries currently receiving benefits	129	128
Inactive plan members entitled to but not yet receiving benefits	2	2
Active plan members	<u>64</u>	<u>62</u>
	<u>195</u>	<u>192</u>

Plan Description and Administration

The Plan is a single-employer defined benefit pension plan that covers all full-time members of the City's Bureau of Fire. The Plan provides retirement, disability, and death benefits to Plan members and their beneficiaries. Plan provisions are established and may be amended through the collective bargaining process. The Plan is governed by the City of Lancaster Fire Pension Board (Board), which consists of the Mayor, Director of Administrative Services, Director of Public Safety, City Controller, Chief of Fire, and two members of the fire department.

Normal Retirement

A participant is eligible for normal retirement after completion of 25 years of service. The normal retirement pension is payable monthly during the participant's lifetime, with payments continuing after the participants' death to the surviving spouse, or to dependent children under the age of 18, or to the member's dependent parents equal to 100% of the initial amount payable to the participant.

The amount of monthly pension is equal to 50% of the final month's salary plus longevity, plus a service increment of 2.5% of the benefit multiplied by years of service in excess of 20, but not more than \$500 additional.

CITY OF LANCASTER FIRE PENSION FUND

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2016 AND 2015

Disability Retirement

In the event of occupational disability, the pension is paid regardless of years of service. In the event of non-occupational disability, the pension is paid after five years of service and is prorated for service less than 20 years.

Survivor Benefit

A spouse's pension is payable in the event a retired member dies, in the event an active member dies after completing 20 years of service, or in the event an active member dies in the line of duty, regardless of service. The spouse's pension is equal to 100% of the pension the member was receiving or would have received had he/she been retired.

If an active member dies other than in the line of duty and has completed more than ten years of service but less than 20 years, the surviving spouse shall receive a pension based on the normal retirement benefit, multiplied by a fraction equal to the years of service divided by 20. If there is no surviving spouse, then the pension is paid to children under the age of 18. If there are no such children, the pension is paid to the dependent parents of the member, if any.

Deferred Retirement Option Program (DROP)

An active member who has attained age 51 and completed 25 years of service may elect to participate in the DROP. As of December 31, 2016 and 2015, there were 7 and 11 participants in the DROP, respectively. As of December 31, 2016 and 2015, the balances held by the Plan pursuant to the DROP totaled \$744,964 and \$1,599,264, respectively.

Contributions

Plan members are required to contribute 5% of their pay and longevity plus \$5.00 per month for the service increment. The City is required to make actuarially determined periodic contributions at rates that, for individual employees, increase over time so that sufficient assets will be available to pay benefits when due.

The annual required contribution is determined annually during the budgeting process. The results of actuarial valuations are used in budgeting for future years.

The City made contributions to the Plan of \$2,153,346 and \$2,059,043 for the years ended December 31, 2016 and 2015, respectively.

CITY OF LANCASTER FIRE PENSION FUND

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2016 AND 2015

Administrative Expenses

Administration costs are financed through investment income.

Net Pension Liability

The components of the net pension liability at December 31, 2016 and 2015 were as follows:

	2016	2015
Total pension liability	\$ 53,166,004	\$ 52,532,579
Plan fiduciary net position	(39,195,104)	(38,374,221)
Net pension liability	\$ 13,970,900	\$ 14,158,358
Plan fiduciary net position as a percentage of the total pension liability	73.72%	73.05%

The net pension liability was measured as of December 31, 2016 and 2015 and was determined by rolling forward the liabilities from the January 1, 2015 actuarial valuation. No significant events or changes occurred between the valuation dates and the fiscal year-ends.

Actuarial Assumptions – The January 1, 2015 actuarial valuation used the entry age normal actuarial cost method and RP2000 mortality table. The actuarial assumptions include: a) 8.00% investment rate of return, b) a projected salary increase of 5.00%, c) 3.00% inflation rate, d) level dollar closed amortization method, and e) 8-year remaining amortization period. These assumptions were applied to all periods included in the measurement of total pension liability.

Investment Policy – The Plan’s policy in regard to the allocation of invested assets is established and may be amended by the Board. The Board seeks to optimize the total return of the Plan’s portfolio through a policy of balanced investments, structured to achieve the maximum returns possible, as measured on the total portfolio, consistent with a policy that emphasizes the prudent management of risk.

Long-Term Expected Rate of Return – The long-term expected rate of return on Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

CITY OF LANCASTER FIRE PENSION FUND

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2016 AND 2015

The target allocation and best estimates of arithmetic real rates of return for each major asset class as of December 31, 2016 and 2015 are summarized in the following tables:

Asset Class	2016 Target Allocation	Long-Term Expected Real Rate of Return
Domestic equity	66.0%	5.5-7.5%
Fixed income	30.0%	1.0-3.0%
Cash	4.0%	0.0-1.0%
	100.0%	

Asset Class	2015 Target Allocation	Long-Term Expected Real Rate of Return
Domestic equity	66.0%	5.5-7.5%
Fixed income	30.0%	1.0-3.0%
Cash	4.0%	0.0-1.0%
	100.0%	

Rate of Return – The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. For the years ended December 31, 2016 and 2015, the annual money-weighted rate of return on Plan investments, net of investment expense, were 7.03% and 1.30%, respectively.

Discount Rate – The discount rate used to measure the total pension liability as of December 31, 2016 and 2015 was 8.00%. The Plan’s fiduciary net position is projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

CITY OF LANCASTER FIRE PENSION FUND

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2016 AND 2015

Sensitivity of the Net Pension Liability to Changes in the Discount Rate – The following presents the net pension liability of the Plan calculated using the discount rate described above, as well as what the Plan’s net pension liabilities would be if they were calculated using a discount rate that is one-percentage-point lower or higher than the current rates:

December 31, 2016:

1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
\$ 19,173,177	\$ 13,970,900	\$ 9,494,027

December 31, 2015:

1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
\$ 19,333,128	\$ 14,158,358	\$ 9,764,599

3. DEPOSITS AND INVESTMENTS

The deposit and investment policy of the Fund is administered by the trustees and the Fire Pension Board. The Fund adheres to state statutes, the Third Class City Code, and prudent business practice.

CITY OF LANCASTER FIRE PENSION FUND

Financials	1,739,672	-	1,739,672
Healthcare	3,630,991	-	3,630,991
Utilities	2,291,172	-	2,291,172
Telecom service	1,986,245	-	1,986,245
Exchange-traded funds:			
Equity	351,000	-	351,000
Total investments	\$ 30,914,557	\$ 7,386,069	\$ 38,300,626

Corporate bonds are valued utilizing several points for price calculation, including quantity, bid/ask spread, historical comparisons, pricing models, and matrices. The valuation techniques used reflect market participants' assumptions and maximize the use of relevant observable inputs including quoted prices for similar assets, the issuer, credit rating, coupon rate, time left until maturity, and special redemption features. Due to the valuation process used, corporate bonds are within Level 2 of the fair value hierarchy.

Custodial Credit Risk. Custodial credit risk is the risk that the financial institution or the counterparty to an investment transaction will fail and the government will not recover the value of the investment or collateral securities that are in possession of an outside party. The Fund does not have an investment policy for custodial credit risk. All of the Fund's

CITY OF LANCASTER FIRE PENSION FUND

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2016 AND 2015

investments are uninsured, registered investments for which the securities are held by the broker or dealer, or by its trust department or agent, in the Fund's name.

Concentration of Credit Risk. The Fund places no limit on the amount the Fund may invest in any one issuer. At December 31, 2016, none of the Fund's investments were more than five percent of the Fund's total asset value.

Credit Risk. The Fund does not have a formal policy that would limit its investment choices with regard to credit risk. The Fund's money market funds and fixed income investments had the following level of exposure to credit risk as of December 31, 2016:

	Fair Value	Rating
Money market funds	\$ 1,494,034	Unrated
U.S. government agency obligations	11,315	Unrated
Corporate bonds	431,728	AAA
Corporate bonds	790,585	AA+
Corporate bonds	192,633	AA
Corporate bonds	1,791,206	AA-
Corporate bonds	1,235,135	A+
Corporate bonds	1,451,741	A
Corporate bonds	936,190	A-

Interest Rate Risk. The Fund does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The average maturity of the Fund's money market funds at December 31, 2016 was less than one year. The average maturities for the Fund's fixed income investments as of December 31, 2016 were as follows:

	Fair Value	Investment Maturity			Subsequent 2027
		2017	2018-2022	2023-2027	
U.S. government obligations	\$ 4,737,813	\$ 2,961,387	\$ 1,725,839	\$ 50,587	\$ -
U.S. government agency obligations	11,315	-	-	3,542	7,773
Corporate bonds	6,829,218	-	5,251,843	1,577,375	-
	\$ 11,578,346	\$ 2,961,387	\$ 6,977,682	\$ 1,631,504	\$ 7,773

Actuarially determined contribution under Act 205	\$ 2,153,346	\$ 2,059,043	\$ 1,623,658	\$ 1,623,453	\$ 1,075,765	\$ 1,154,230	\$ 1,068,751	\$ 1,002,631	\$ 980,923	\$ 527,673
Contributions in relation to the actuarially determined contribution	<u>2,153,346</u>	<u>2,059,043</u>	<u>1,623,658</u>	<u>1,623,453</u>	<u>1,075,765</u>	<u>1,154,230</u>	<u>1,183,751 (1)</u>	<u>1,002,631</u>	<u>980,923</u>	<u>527,673</u>
Contribution deficiency (excess)	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ (115,000)</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
Covered employee payroll	<u>\$ 4,832,626</u>	<u>\$ 4,521,715</u>	<u>\$ 4,122,312</u>							
Contributions as a percentage of covered employee payroll	44.56%	45.54%	39.39%							

(1) Includes contribution under the City's retirement incentive program.

<u>Investment Returns</u>			
Annual money-weighted rate of return, net of investment expense	7.03%	1.30%	9.42%

* This schedule is intended to illustrate information for 10 years. However, until a full 10-year trend is compiled, the City is presenting information for those years only for which information is available.

See accompanying note to required supplementary information - pension plan.

CITY OF LANCASTER FIRE PENSION FUND

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION – PENSION PLAN

1. ACTUARIAL METHODS AND ASSUMPTIONS

The information presented in the required supplementary information was determined as part of the actuarial valuations at the dates indicated. Methods and assumptions used to determine contribution rates required under Act 205 are as follows:

Contribution Year	12/31/2016	12/31/2015
Actuarial valuation date	1/1/2013	1/1/2013
Actuarial cost method	Entry age normal	Entry age normal
Amortization method	Level dollar closed	Level dollar closed
Remaining amortization period	9 years	9 years
Asset valuation method	Smoothed value with a corridor of 80% to 120% of market value	Smoothed value with a corridor of 80% to 120% of market value
Actuarial assumptions:		
Investment rate of return	8.0%	8.0%
Projected salary increases	5.0%	5.0%
Underlying inflation rate	3.0%	3.0%
Mortality table	RP2000 mortality table	RP2000 mortality table

Changes in Actuarial Assumptions

In the January 1, 2013 actuarial valuation, the asset valuation method was updated from smoothed value with a corridor of 70% to 130% of market value to smoothed value with a corridor of 80% to 120% of market value. The remaining amortization method was also updated from 10 years to 9 years.
