STORMWATER RESIDENTIAL COST SHARE PROGRAM

For a limited time, the Alliance for the Chesapeake Bay and City of Lancaster are offering additional cost share funds thanks to a generous grant from the Lancaster County Community Foundation.

If you are a limited income property owner living **south of East King Street or south of West King Street** financial assistance is available to cover 90% of your eligible project costs for a rain garden, permeable paving, and/or dry well (infiltration trench).

Please see the map on the back if you are a property owner in a qualifying neighborhood.
